

Kangaroo Footprints

KANGAROO POEM

- 1 First you draw a large-sized bean
Not too fat and not too lean.
- 2 Draw a head with eyes so bright
They will help it see at night.
- 3 Now just add two agile ears
They will hear when danger nears.
- 4 Add strong legs to help it hop
They will never ever stop.
- 5 Now add arms and then the paws
Don't forget to add the claws.
- 6 Next you draw a big strong tail
It will never ever fail.
- 7 To help with balance it's the best
When kangaroo eats and has a rest.

Now you know just what to do
You can draw a kangaroo ... or maybe even
a mob of them.
